

ENHANCED FILE TRANSFER™ (EFT™) ENTERPRISE

KEY RESULTS

-  **Create automated workflows** without scripting
-  **Two-factor authentication**, folder monitor, scheduled transfers
-  **Integrate** with Active Directory, SharePoint, Microsoft Excel, SQL Server, and others
-  **You can be up and running** in hours instead of days
-  **Easy** administration and end-user interfaces
-  **On premises, in the cloud, and hybrid** options available

AUTOMATION SAVES TIME AND INCREASES EFFICIENCY

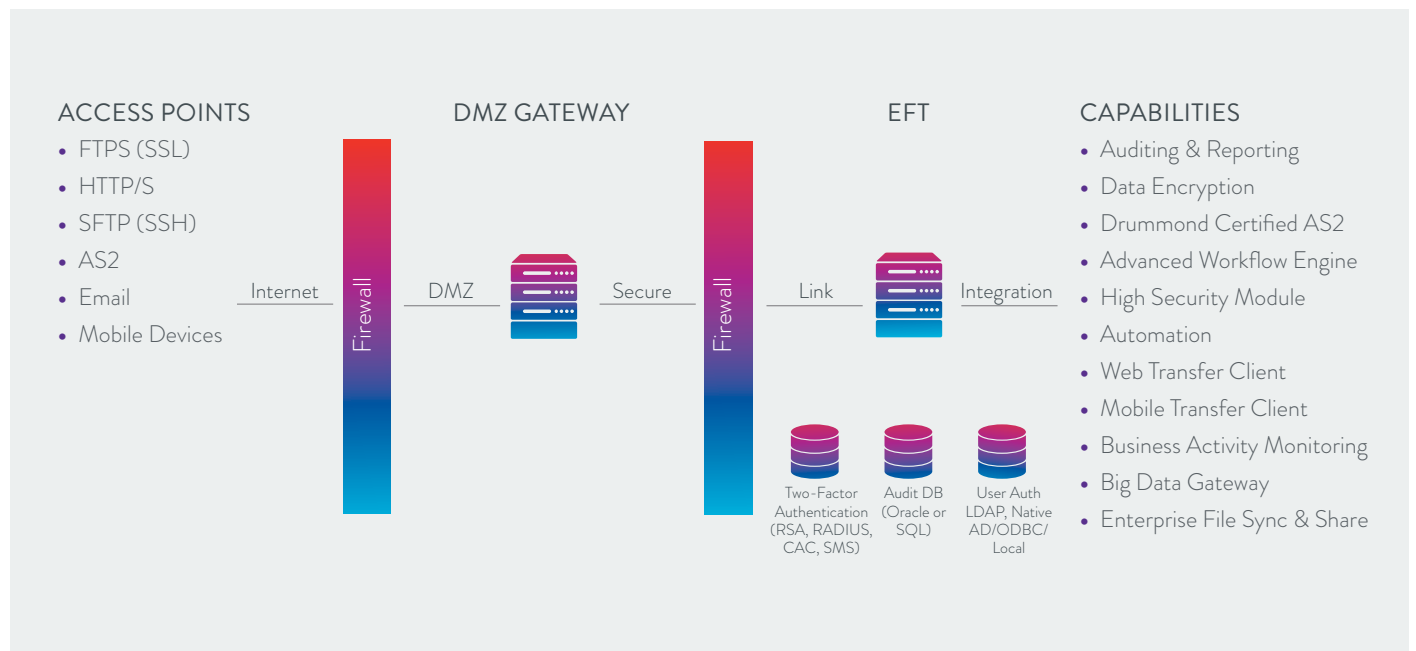

With operational efficiency in mind, Globalscape's Enhanced File Transfer™ (EFT™) Enterprise features quick and intuitive setup, advanced automation capabilities, real-time visibility into data transfers, and much more. EFT Enterprise automatically handles daily tasks, so you can turn your attention to tomorrow's business needs today.

FILE TRANSFER AUTOMATION MEANS SECURITY AND COMPLIANCE

EFT Enterprise has capabilities perfect for businesses that need automated secure file transfer software, high performance, and amazing load capacity. Some of our largest clients transfer thousands of files per second using EFT Enterprise.

LET EFT™ ENTERPRISE MANAGE FILE TRANSFERS, WHILE YOU MANAGE THE REST OF YOUR NETWORK

Advanced capabilities can be added via optional modules for advanced automated workflows, AS2/EDI transfers, LDAP/RSA/CAC authentication, compliance monitoring, DLP/AV scanning, advanced reporting/auditing, PGP, and others.

ABOUT GLOBALSCAPE

Globalscape is a pioneer in securing and automating the movement and integration of data seamlessly in, around and outside your business, between applications, people and places, in and out of the cloud. Founded in 1996, Globalscape's data exchange and integration software and services are trusted by over 13,000 customers in over 150 countries worldwide, including global enterprises, governments, and small and medium enterprises. Headquartered in San Antonio, TX, Globalscape enables companies to increase business agility by unleashing the power of data. Whether you are a line-of-business stakeholder struggling to connect multiple cloud applications or an IT professional tasked with integrating partner data into homegrown or legacy systems, Globalscape provides cloud services that automate your work, secure your data and integrate your applications – while giving visibility to those who need it. Globalscape makes business flow brilliantly. Globalscape has consistently been named a top workplace by Computerworld, the San Antonio Business Journal, Texas Monthly, and the San Antonio Express-News, among others.

EFT Enterprise is available in three different “tiers” or bundles. Add additional modules to the tiers, or create your own package. Tier 3 comes with every feature, every module. To compare tiers, refer to the Comparison Chart a <https://www.globalscape.com/managed-file-transfer/comparison>.

SYSTEM REQUIREMENTS

- Windows Server 2012 R2 or higher
- 4GB RAM recommended
- Oracle or Microsoft SQL database
