

Safe Harbor Statement

This presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The words "would," exceed," "should," "anticipates," "believe," "steady," "dramatic," and variations of such words and similar" expressions identify forward-looking statements, but their absence does not mean that a statement is not a forward-looking statement. These forward-looking statements are based upon the Company's current expectations and are subject to a number of risks, uncertainties and assumptions. The Company undertakes no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise. Among the important factors that could cause actual results to differ significantly from those expressed or implied by such forward-looking statements are risks that are detailed in the Company's Annual Report on Form 10-K for the 2014 fiscal year, filed with the Securities and Exchange Commission on March 30, 2015.

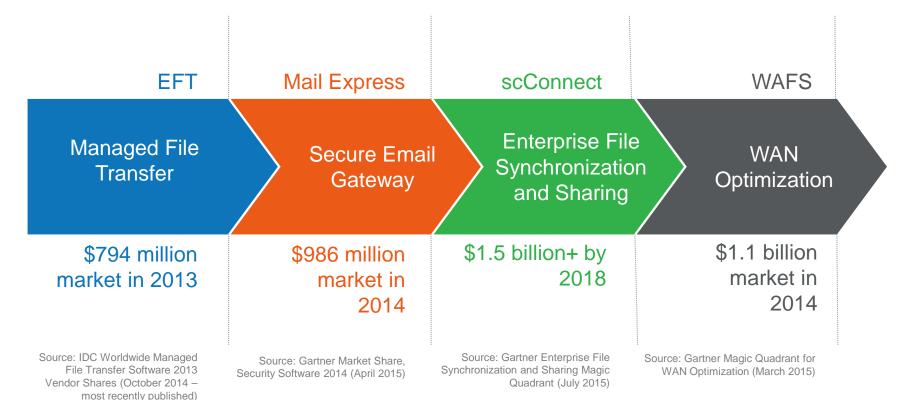

Who is Globalscape - Overview

- Founded in 1996, Globalscape is a leading provider of secure information exchange solutions
- Provides enterprise software in a wide array of categories including file management, web development and multimedia utilities
- Managed file transfer (MFT) platform helps organizations securely transfer files with enhanced automation, regulatory compliance, governance and visibility controls
- Facilitates transmission of sensitive data between diverse and geographically separated network infrastructures
- Superior to traditional file transfer software (FTP)

Multiple Revenue Opportunities

ON-PREMISES

EFT is hosted in your network with your IT department managing it. This option is great for organizations who have the resources available to handle an enterprise-level MFT solution.

EFT CLOUD SERVICES

EFT Cloud Services integrates the onpremises EFT platform with proven infrastructure from top hosting providers (Rackspace, Amazon Web Services, Microsoft Azure) to deliver industry-leading MFT capabilities through a secure and scalable Software-as-a-Service (SaaS) solution. EFT Cloud Services can be deployed in the cloud and managed by Globalscape or your team.

HYBRID

A hybrid solution combines on-premises and cloud capabilities to extend existing MFT solutions without additional infrastructure or staffing costs. Hybrid solutions can offer the best of both worlds: the flexibility of the cloud, along with the confidence of security and compliance of an on-premises deployment.

2015 Year-to-Date Momentum

- Revenue increased 18% to 22.4 million
- New license bookings grew 31%
- In Q1/15 Maintenance and Support revenue exceeded \$4M for the first time in Globalscape history; and has continued to grow quarterly
- Net income increased 87% to \$3.4 million

Steady Growth

Net Income Excluding Infrequent Items \$4,000

Globalscape In Review

- Leading Position in MFT Market
- Record Revenue and Cash Generation in FY 2014
- Growing the Top and Bottom Lines in FY 2015
- New Product Introductions Generating Greater Market Opportunities
- Expansion & Enablement of Distribution and Reseller Networks
